Hello Milan Community,

Food and Learning Packet Distribution
In order to meet everyone’s needs, food and learning packet distribution will be based on pre-placed orders.

Our next distribution will be on Tuesday, April 7th and will include a week’s worth of meals. Learning packets for kindergarten through grade 8 will also be available during the distribution window.

Food pick-up will take place in the student drop-off loop in the back of Milan High School. Learning packet pick-up will take place in the bus drop-off loop in the front of Milan High School.

ORDERS MUST BE PLACED BY NOON on Monday, April 6th!
* Electronic Order Form (recommended): Electronic Order Form
* Phone Number: 734-439-5097

Tuesday, April 7, 2020 Distribution Details
* The drive-through pickup sites at Milan High School will be open between 4:00 PM and 5:00 PM.
* Deliveries will take place between 4:00 PM and 5:00 PM.

Student Enrichment Materials
We understand that the students and families in our district deeply value education, which is why we have been thoughtful in planning our next steps to continue learning, overcome barriers, and embrace innovative ways to approach teaching and learning. Our administrative team and teachers have been working diligently to prepare materials for our students. Please continue to visit our websites, as weekly updates will be provided. In addition, paper packets will be available for our K-8 students who do not have internet access. These paper packets will be available for pick-up during the food distribution process (whether you are getting food or not).

Students and/or parents who are having difficulties acquiring the materials for any reason should contact their teacher(s) or building principal for support. Please visit MAS Internet Access Page for information regarding district parking lots that have free wifi coverage for downloading or live use.

Enrichment activities for students can be found on the following pages.
Paddock
Symons
MMS
MHS

Please visit our COVID-19 Resources page to access all types of support for your family.

Thank you and be safe,
Bryan Girbach
