Expect on average 25-30 minutes of instruction per class per day.
Student Course Schedules

- Our counselors have been working tirelessly since the announcement of the cohorts to ensure that all of our students have complete schedules. This has meant a nearly complete rebuild of our high school schedule.
- Please know that we are prioritizing natural progression and graduation requirements for student scheduling.
- We have had to reduce a few elective choices in order to allow for this scheduling and to ensure the best and safest instructional model possible.
- It is very likely that your student’s schedule will change in terms of the ordering of their classes over the next two weeks or that they might have a non-core elective switched.
- This is a reminder that schedule changes are only allowed for holes in the schedule and/or academic misplacement.
Remote Learning Resources
Extracurriculars and Clubs

Sports

- All athletic questions should be directed to our athletic director, Robert Hull at hullr@milanareaschools.org or 734-439-5000.
- Please keep in mind that MHS is bound by state executive orders and the MHSAA rules regarding competitions.

Academic Clubs and Other Groups

- MHS is currently formulating return to participation plans for our various clubs and after school activities. Those clubs/activities that only involve students, such as student council will be able to return functioning as normal quite quickly.
- For larger groups/clubs such as robotics, the fall play, band and choir concerts, we are actively working on plans to see if these types of activities are feasible from a health and safety standpoint.
- Our goal is to run as many programs as we can while following all state and local requirements.
